PETITION TO EXPUNGE ASSIGNMENT RECORDS

Pursuant to MPEP § 323.01(d), patentees hereby petition the Director to expunge a previously recorded license agreement from the Patent Office records. The license agreement was recorded in error at Reel _____, Frame _____.

The normal corrective procedures outlined in MPEP § 323.01(a) through § 323.01(c) will not provide the petitioner with adequate relief. These corrective procedures are for correcting typographical errors in cover sheets (323.01(a)), for correcting typographical errors in recorded assignment documents (or other documents affecting title) (323.01(b)), and for correcting the improper recordation of an assignment document or change of name against the wrong application/patent number (323.01(c)), none of which is the present case.

The integrity of the assignment records will not be affected by this expungement. The expungement of the license agreement will have no effect on the title of the present patent. As a review of the recorded document reveals, the license agreement did not amount to an assignment. Indeed, as the Office is aware, unlike assignments, applicants/patentees are not required to record license agreements for them to be valid against subsequent licensees. MPEP §313.

This request is being made to attempt to recover/maintain the confidential nature of the license agreement. Accordingly, patentees are submitting herewith a copy of this petition for filing that does not include the Reel and Frame number of the document patentees wish to have expunged and request that the copy containing the Reel and Frame number be destroyed.
